

Vacancy Announcement

DATE: April 19, 2019
TO: All Qualified Applicants
FROM: Human Resources
RE: Ground Service Equipment (GSE) Mechanic
LOCATION: Anchorage, Alaska
CLOSING DATE: Open Until Filled

This announcement is for a **Ground Service Equipment (GSE) Mechanic** for Ravn Air Group. This position reports to the GSE Supervisor and GSE Manager and is responsible for the maintenance and repairs of all Ravn Air Group ground support equipment and vehicles. This position will be required to work with a high level of accuracy and efficiency; intermediate to advanced mechanical skills are required to perform this job at an acceptable standard. The successful candidate must be willing to travel to remote locations on a regular basis and ideally comes from a background in aviation.

This is a non-exempt, full time, benefits-eligible position. Position works 10-hour days for eight days on and has six days off. Though based in Anchorage, travel will be required to perform work in other locations around Alaska.

Minimum Qualifications

- A High School Diploma/GED is required; continuing certification classes with emphasis in equipment repair/mechanics is strongly preferred;
- An ASE Certification is desirable;
- A minimum of three years in equipment repair or a previous GSE Mechanic position;
- Must have strong mechanical skills and troubleshooting ability;
- Valid Alaska Driver's License with a good driving record is required;
- Detail-oriented with the ability to prioritize multiple tasks;
- Basic computer skills are required, with computerized maintenance management system (CMMS) experience highly preferred;
- Must be able to safely lift 50 pounds on a consistent basis;
- Must be able to travel extensively without restriction throughout Alaska, working in variant climates and environments;

- Requires a strong safety awareness and the ability to adhere to Safety Management Systems (SMS);
- Able to pass a comprehensive background check;
- Comfortable working in an airport environment around odors and sounds typically associated with operating aircraft.

Duties & Responsibilities

- Responsible for inspecting, troubleshooting, repairing and maintaining all Ravn Air Group GSE and vehicles to include tugs, belt loaders, generators, heaters, deicers, cars, trucks, vans, forklifts and various types of heavy equipment;
- Assists with general shop duties as assigned and qualified to perform;
- Complies with applicable safety and environmental standards;
- Documents all labor time/expenses;
- Travels to other airports on a regular basis for field repairs and maintenance;
- Maintains communication with GSE Manager and GSE Supervisor regarding progress and/or problems related to work associated tasks;
- Pursues training when possible in order to continuously improve job knowledge;
- Seeks out opportunities for further certifications (i.e. ASE Technician);
- Assists with parts research, price comparisons, timely procurement and inventory levels;
- Responsible for promoting identification and reporting of safety hazards in the work environment or when confronted with an unsafe situation. Promotes a positive Safety Culture with co-workers and supports the organization in compliance with Safety Management System (SMS);
- Other duties as assigned and within the scope of this position.
